

A photograph of a smiling baby being examined by a doctor. The doctor is wearing a white lab coat and has a stethoscope around their neck. The doctor's hands are visible, one holding the baby's chest and the other using a reflex hammer to tap the baby's chest.

OH  
baby!

Immunization Schedule

# Immunization Schedule

| Vaccination   | Birth | 2m | 4m | 6m                                      | 12m | 18m | 4yrs |
|---|-------|----|----|---|-----|-----|------|
| <b>HepB</b> – Hepatitis B                             | ●     | ●  |    | ●                                       |     |     |      |
| <b>Rotavirus</b>                                      |       | ●  | ●  | ●                                       |     |     |      |
| <b>DTaP</b> – Diphtheria, Tetanus, Pertussis          |       | ●  | ●  | ●                                       | ●   |     | ●    |
